Report on Elocution Event for

“Swarna Andhra @2047 - AP State’s Vision Plan”

As part of the “Swarna Andhra @2047 - AP State's Vision Plan,” our institution organized an elocution event to gather inputs, suggestions, and feedback from students on the state’s long-term developmental goals. The elocution served as a platform for students to voice their opinions, share innovative ideas, and suggest potential solutions that align with the vision for a prosperous Andhra Pradesh by 2047.

Objectives:

- To raise awareness about the state’s vision plan among students.
- To encourage students to critically analyze and contribute ideas on key aspects of Andhra Pradesh’s development.
- To gather diverse perspectives and innovative suggestions from young minds that could shape the future of the state.

Event Overview

Event Preparation

- **Date:** 03-10-2024
- **Participants:** The event saw the participation of 80 students from all groups, each delivering a 4-5-minute speech on the vision plan.
- **Theme:** An Action Plan for “Swarna Andhra @2047
- **Judges:** A panel of faculty members, including experts in Economics, Political science, English, Library Science evaluated the presentations.

Topics Covered

Each participant was asked to focus on one or more sectors of the vision plan, including:

- **Education and Skill Development:** The future of education, research, and vocational training in Andhra Pradesh.
- **Infrastructure Development:** Building smart cities, transportation, and energy infrastructure.

- **Environmental Sustainability:** Green initiatives, water conservation, and waste management.
- **Digital Transformation:** AI, IoT, and the digital economy's role in AP's development.

Key Ideas Presented

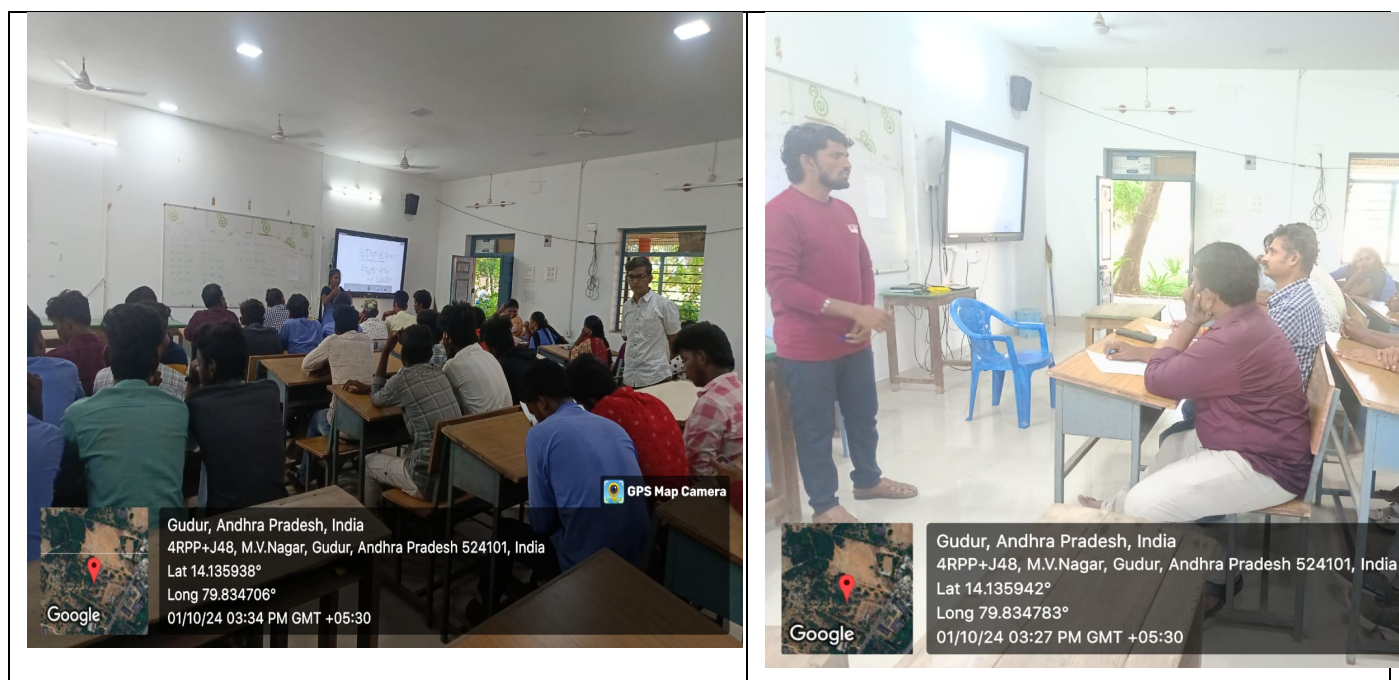

- **Education Reform:** Several students highlighted the need for revamping the education system to emphasize research, innovation, and skill-based learning.
- **Green Infrastructure:** Many participants suggested implementing renewable energy solutions, such as solar and wind energy, to achieve a carbon-neutral Andhra Pradesh.
- **Smart Cities and Rural Development:** Students proposed smart villages with digital connectivity, efficient public transportation, and renewable energy solutions. These ideas were in line with the state's vision for balanced urban and rural growth.
- **Healthcare Innovation:** Ideas were shared about integrating telemedicine and AI-based diagnostic tools in remote areas to improve healthcare access, addressing a key challenge in the state's development.
- The event culminated with the distribution prizes to the best performers.

Conclusion

The elocution event proved to be an excellent platform for students to actively engage with the “Swarna Andhra @2047” vision plan. It enabled them to think critically about the future of Andhra Pradesh and contribute meaningful ideas to the state's roadmap for the next 25 years.

The feedback and suggestions collected from this event reflect the optimism and innovative spirit of the younger generation. Our institution is committed to continuing such initiatives and supporting the state in realizing its vision for a prosperous and sustainable future.
